### **EACH Woman Act**

On July 8, 2015 Representatives Barbara Lee (D-CA), Jan Schakowsky (D-IL) and Diana DeGette (D-CO), along with 60+ Members of Congress, introduced the *Equal Access to Abortion Coverage in Health Insurance (EACH Woman) Act, H.R.2972*. Since then over 20 co-sponsors have been added. This bill serves to counter or eliminate the devastating impact of the Hyde Amendment by ensuring that health coverage for abortion is available for every woman no matter her income, insurer or where she lives. The EACH Woman Act makes sure that every women is able to make her own decisions about pregnancy, regardless of whether she has private or government-funded health insurance.
